Board Of Trade To Promote Stampede Aug. 3

Aggressive Committees Appointed To Take Charge Of Large Project; Support Of All Citizens Asked

Stampede To Be An Annual Event; Shutes, etc. To Be Built With A View To Permanency.

Practically a full membership of Coleman Board of Trade attended the meeting Tuesday evening to discuss in detail the Board's plan to sponsor a stampede here on Saturday, August 3. President Allen presided.

L. S. Richards and Jim Wilkie, who have done the bulk of the work up to the present time, reported their activities to the meeting. They had secured the services of Herman Linder, of Cardston, to manage the stampede and after several unsuccessful attempts to secure cattle had finally been successful at the Burton ranch in the Claresholm district.

Discussion took place on the appointment of Herman Linder. The consensus of opinion was that a good move had been made in securing the services of so able a stampede manager.

President Allen announced the personnel of the principal committee which included L. S. Richards, chairman; Jim Wilkie, assistant chairman and rodeo manager; John McDonald, secretary-treasurer; R. Spillers, Doug. Moores, H. Allen and a retailer yet to be appointed.

The arena managers were to be Herman Linder with his assistant being Jim Wilkie.

The publicity committee includes A. Balloch, P. A. Dickenson and Fred Guerd.

The catering committee was offered to the Lions club to handle and the club's answer is to be given within the week.

The carnival was offered to the Elks club to handle and here again the lodge's answer will be given within the week.

The ticket sales will be under the supervision of Jim Park and a committee will be picked by him.

The works committee is under the chairmanship of Andy Dow and his able assistants will be Bill Fraser Jr., Harry Boulton and Sam Sogoff and others who will undoubtedly be added to this important committee.

Purchasing committee is under the chairmanship of Bill Gate, his committee being Henry Zak, Bob. Pattinson and Wilf. Dutil.

A Jitney dance will be sponsored the eve of the stampede and a Cowboy's Ball the night of the stampede. These affairs will be under the su-

pervision of Doug. Moores and a committee of his choosing.

The shutes, etc., will be built with a view to permanency. As was explained by Jim Wilkie the expense this year will undoubtedly be quite heavy as work which will last for many years will have to be done and financed out of this year's receipts.

Many topics were touched on such as the estimated expense in promoting the stampede, the admission charges, how tickets were to be sold in order to prevent a flood of non-payers from sweeping into the park, the proclaiming of a civic holiday, whether or not neighboring towns would have an idle day Aug. 3, etc. Definite announcement will be made on these points as they receive study for the central committee.

In closing President Allen called upon not only the Board of Trade membership to get behind the project but the town of Coleman as a whole. He pointed out that the present skating arena was on the point of being condemned. It formed the centre of community activity in Coleman during the winter and if it was allowed to deteriorate and thereby fall into disuse it would probably take years before a concerted community effort was again launched to repair or rebuild it. It was to the advantage of all citizens to lend their support to the promoting of the stampede.

Anglican Advance Appeal Under Way

The time for the great advance in our Anglican Advance Appeal is at hand. On Sunday, May 19, the assault on that objective will take place when you bring most generous offerings to St. Alban's church. There can be no talk of failure and no place for timidity or pessimism. The whole Anglican church and this parish must go "over the top" again in her program of Advance toward a Christian Canada and a Christian world. We must not rest satisfied until the objective is not only reached but left far behind.

Our objective \$4,300,000 cost of Advance. St. Alban's \$600.

"Over the top with the best of luck."

TOWN OF COLEMAN Clean-Up Week

May 13th to 18th

The week of May 13th to 18th has been designated as clean-up week in the Town of Coleman.

Householders are requested to clean up yards and back alleys and thus aid in the sanitation of the town. A police inspection will be made of all yards and alleys following completion of clean-up week.

TOWN COUNCIL.

TO COMPETE AT NELSON BONSPIEL

Billy Evans, Harvey Carmichael, Fred Thompson and Frank Teifer are all set for Nelson's July curling bonspiel. The four gentlemen have had their entry accepted and have been fortunate in securing cabin accommodation during their stay in the Kootenay city. A second entry from Blairmore apparently has not been accepted as no reply has been received.

Coleman will not be represented at the bonspiel which has 70 entries, some coming from as far east as Ontario and south into the States.

Bellevue To Have Gala Victoria Day

Day of Sports; Arena Dance Revue And Wind Up With Big Dance In The Evening.

Bellevue Lions are going all-out to make this Victoria Day, May 24, the largest event which has ever come to Bellevue.

During the past two months they have been busy selling tickets on six candidates for May Queen and they are on their 8,000th ticket proving how aggressive the ticket sales committee is. In addition sixty-three Pass businessmen have donated towards a prize fund for the Queen candidates guaranteeing each candidate a really worthwhile prize. The May Queen will be determined by the number of votes received by her in the ticket sales.

The show gets away to a good start at 10 a.m. when juvenile sports will be run off. At 1 p.m. hundreds from the Pass towns are expected to be present to witness the Grand Parade which will feature decorated floats, cars and bicycles.

At 2 p.m. the program moves into the Bellevue arena where singing, dancing, instrumental solos, crowning of the May Queen and the Maypole Dance by the young kiddies followed by a professional dance featuring the Lions Club members in person will be featured. In addition artists will be in colorful costumes whose effect will be heightened by colorful lights. A powerful public address system will bring clearly and distinctly the addresses, songs, etc., from the arena floor.

In the evening a big dance will be sponsored by the Lions to close the day's festivities. Music will be provided by the Arcadians orchestra. The Bellevue brass band will be in attendance all day.

The proceeds will be turned over to the Bellevue Sports committee for the purpose of installing artificial ice in the Bellevue arena.

LIONS GIVE SPLENDID DONATION TO CANADIAN INSTITUTE FOR THE BLIND

In line with its policy of sight conservation and aid to the blind Coleman Lions club donated \$50 to the Canadian Institute for the Blind. While in the Pass Mr. Roy Thompson, Institute representative and manager of the Calgary office, was the guest speaker at the local Lions supper-meeting.

Miss Julia Ondrus is the guest of her uncle and aunt, Mr. and Mrs. J. H. Kapalka.

Memorial Park Com. To Launch Campaign

The Memorial Park Committee is now well under way, and things are shaping up so that the proposed cenotaph and grounds will be completed this summer.

The committee under the able and enthusiastic chairmanship of Dan Daly has reviewed several designs and propositions, and the monument finally chosen will be a source of pride to all Colemanites when completed. A sketch has been made and is now in the East for a newspaper cut to be made. This should be back in time for publication in next week's Journal.

A worthy memorial to our fallen heroes has of course been in the minds of several of our local organizations for some time, and it is quite fitting that the Canadian Legion has taken the initiative in this matter. The grounds east of the Legion Hall were taken over some few years ago, with the express purpose of laying out a memorial park, and the time has now come to bring to fruition these carefully laid plans. It is noteworthy that the majority of the men on the committee are veterans of the war just past, and the ardour they are putting into the work bespeaks the high regard they hold for the comrades they left behind. The memorial will have a more poignant meaning to these young vets who have just returned from the wars with the memories of comrades falling beside them still fresh in their minds.

The other members of the committee are veterans of the first great war, and although many years have mellowed their war memories, yet they are not less keen to see a fitting memorial erected and dedicated to those of our Coleman citizens who sacrificed their lives in the cause of freedom.

Although the memorial will be rather simple of design, it will be massive enough to denote courage and strength, and to serve as a fitting monument to bear the names of our fallen with quiet dignity and repose.

The front face of the monument will bear the dedication and on the sides the names of fallen comrades will be inscribed. The heroes of the First Great War on one side, and on the other, the heroes of the Second Great War.

The citizens of Coleman will look forward with keen interest to the scheme as it develops. As soon as the design is published the committee intends to conduct a complete campaign for funds, and your most generous support will be asked. The committee is as follows: Dan Daly, chairman; Joe McIntyre, Wilber Cox, Ellis Derbyshire, George Burton, Maurice Cooke, William Bartland, Bill Smith, Archie McCulloch.

BIRTHS

Born: To Mr. and Mrs. William Elsson on Friday, May 10, a son, Lawrence.

Born: To Mr. and Mrs. Vernon Brown, nee Lorraine Rippon, on Friday, May 10, a daughter, Wilma May.

Born: To Mr. and Mrs. Michael Michael, nee Annie Nicholas, at Seattle on Friday, May 3, a son.

NORMAN HOPKINS EXPECTED HOME AT WEEK-END

Norman Hopkins, son of Mr. and Mrs. William Hopkins, is expected home from Esquimaux at the week-end.

Norman, a product of the local schools, is a member of the crew on Canada's second cruiser the "Uganda." He has just returned with his ship to the west coast port of Esquimaux after a good work tour of South America.

Dr. Hope Gill Addressed Lions Club On China

Club Starts Drive For Increased Membership; Lions To Sponsor Local Drive In Support of National Clothing Campaign.

The banquet room was crowded to capacity on Monday evening as Lion members and their guests attended a regular supper meeting and to hear the guest speaker, Dr. Hope Gill, deliver an address on China.

All guests were introduced, a few words being spoken by Rev. W. E. Brown, Jack Sparrow, Mr. F. R. Duncanson and Bill Fraser.

Dr. Hope Gill, who had experienced war in China and who, with his family, had been "confined" to their quarters by the Japanese, told of a number of his experiences in war-torn China.

He started his story at Hong Kong in 1937 when he and Mrs. Hope Gill, just married, decided to relieve at a medical station in South China and spend a honeymoon there at the same time. The Japanese war drums started to rumble at that time and it was assumed that China was to be attacked.

Four months after they arrived in South China they were given their first introduction to war when a shell burst about a mile from the hospital. Excitement and confusion among the Chinese reigned for some time. He found that the Chinese lacked determination in their fighting. Meeting absolutely no air opposition and little if any ground fire the Japanese terrorized the population by flying at low altitudes for long periods before power diving on chosen objectives.

He told of atrocities perpetrated on the Chinese, of old women and children being buried with the butt end of guns, of being shot down in cold blood, of being tied to posts and dogs tearing out the victims' throats. There was absolutely nothing they would stop at.

W. J. Bartlett Passed Away Wednesday, 5 p.m.

First Came To Pass In 1907; Had Been Editor of Blairmore Enterprise Since 1912; Funeral on Sunday.

Death came to one of Alberta's widely known weekly editors in Blairmore hospital at about 5 p.m. Wednesday when Walter James Bartlett, 66, editor of the Blairmore Enterprise, passed away following an illness of six months.

Born at Curling, Newfoundland, on May 14, 1880, he grew up in that town graduating from public and high school and leaving for St. Johns, Newfoundland, where he attended the Methodist College.

In his youth he was at one time a purser in one of the Newfoundland boats and later entered the newspaper business when he joined the staff of the "Newfoundland Quarterly."

He came west in 1907, first coming to Coleman where he became associated with T. B. Brandon in the publishing of the Coleman Miner, a weekly paper.

In 1909 deceased and Mr. Brandon took over the Frank Paper from Mark Drumm and in August, 1910, he bought out the interests of Mr. Brandon. Shortly after he entered into partnership with J. D. S. Barrett in the Blairmore Enterprise, having brought the Frank paper to Blairmore. In 1912 he dissolved partnership with Mr. Barrett and continued to edit and manage the paper alone.

He housed the plant in the second story of what is now the Oliva building, having the name "Blairmore Enterprise" boldly inscribed upon a sign hanging over the sidewalk in front of the building.

It was in 1912 that he built his present building and moved his plant into the premises. He has maintained his weekly paper never missing a single issue through good years or through depression.

He was a member of both the Canadian Weekly Newspapers Association and the Alberta Division of the C.W.N.A. He attended many of their annual conventions and was widely known throughout the weekly newspaper world in the Dominion simply as "Bart."

During the past six months his health had started to fail him and he became dependent more and more on the help of his staff and Mrs. Bartlett who combined to get the "Enterprise" on the street each

WORLD HAPPENINGS
BRIEFLY TOLD

A prefabricated wireless station, with 30,000 pieces weighing 2,500 tons, has been shipped from England to the Far East.

Manufacture of all cake, confectionery and macaroni in the Union of South Africa stopped May 1, due to the wheat shortage.

Coats of metal made from secret light alloys to give greater protection to soldiers have been tested by the British War Office.

Canadian flour mills produced more wheat flour in March than in any month since 1920, the Dominion board of statistics reported.

Adolf Hitler's marriage certificate, private will and last political testament are on exhibition at the National Archives in Washington.

A woman at Cliffe, Kent, England, who left a sheet hanging on a clothes-line overnight next morning found a £1 (\$4.50) note had taken its place.

Viscount Alexander, Canada's new governor-general, has accepted the position of honorary president of the South Africa veterans of London.

An additional 30,000 girls to join that number already in the Women's Land Army are being sought by the British Ministry of Agriculture, along with 150,000 volunteer harvest workers.

Gen. H. D. G. Crerar was presented with the cross of Commander of the Legion of Honor in a simple ceremony at the French embassy in Ottawa by Count Jean de Hauteclocque, French ambassador to Canada.

Thanks Forces

Field Marshal Viscount Montgomery in a farewell message to his troops.

Field Marshal Viscount Montgomery in a farewell message to the troops under his command recounted their achievements in fighting in Western Europe and their role in the control of Germany, describing them as "a magnificent team."

Lord Montgomery is relinquishing his command of the British occupation zone in Germany to become Chief of the Imperial General Staff. "When I think back to the day I took over the 21st Army Group in January, 1944, at that time getting ready to start its great adventure, I felt amazed at what has been achieved," Lord Montgomery's message said.

"We crossed the Channel, won a great victory in Normandy, advanced through France, Belgium and Holland and after a winter of bitter fighting with a long line of communication, were rewarded by the unconditional surrender of our enemy. We had at last gained the long-awaited victory."

"A new task then faced us. We had landed in Normandy with an organization known as civil affairs. When we entered Germany this name changed to military government."

"Even that name is now no longer suitable, as the army has recently withdrawn from any function of government."

"With the invaluable help of civilians from England, men and women, we have gradually built up a control commission worthy of our country, which, working alongside the Army, Navy and Air Force, has successfully overcome so many of the initial problems and is marching forward with confidence."

"Sailors, soldiers, airmen, civilians, men and women, we have all been in this business together. I would like to thank each one of you for the support you have given me in my task."

"The great results that have been achieved have been due to the united effort of a magnificent team, of which I think I can be proud to have been a member."

"And so with a sad heart I say goodbye, wishing all of you on your return to England, whether it be now or later, the happy home you deserve."

Crystal Palace

Famous Structure Is To Be Rebuilt With A Half-Mile Front

Plans are announced for a gigantic \$60,000,000 Crystal Palace to replace the one destroyed by fire in 1936.

A building with a half-mile front, containing a 500 foot tower at one end, is planned. There would be accommodations for 250,000 people, including a skating rink with 17,000 seating capacity, a concert hall for 4,000 persons, an amphitheatre for 11,000 and a stadium for 100,000.

There will be indoor swimming pools, two lakes for rowboats, an amusement area, restaurants, a cricket field and gardens in addition to parking space for 5,000 automobiles.

Main buildings are to have three colors, with a main hall 1,000 feet by 400 and a total of 704,000 square feet for exhibition halls.

Architects Herbert Jackson and Reginald Edmunds won a prize of £2,000 (\$5,000) for the plans which were announced by Sir Harry Buckland, general manager.

The Rocky Mountains stretch from the hot deserts of New Mexico and Colorado to the Arctic.

—Canadian Army Photo.

Their wartime job coming to an end, the Canadian Women's Army Corps is being gradually disbanded. Following discharge Pte. Jean McDonald, Ogema, back in civies after three and a half years in uniform, bids farewell to Sgt. Fay Glover, formerly of Kelvington, now of Regina.

DENTAL DEFECTS NEED EARLY CARE

While the specific cause of dental decay has not yet been discovered, there have been revealed certain measures of control which, if universally followed out, would improve the teeth of the human race.

These are—early treatment and dental care, a well-balanced diet including a lessening of sweet and starchy foods, and proper home care of the teeth and gums. Early treatment of dental defects will cut down costs greatly, because the filling of small cavities is insurance against extension of decay and ultimate loss of teeth.

Nutrition is very important. During the growth and development of the teeth, the body must be provided with foods containing sufficient mineral elements to build sound teeth. In this connection it should be noted that the crowns of some of the teeth begin to form before birth. Over-indulgence in sweets and starchy foods raises the incidence of dental decay.

The real foundation of dental health begins with children under school age. Even many two-year-olds suffer from dental decay, and it is certain that, as children's teeth are destroyed, just so much wider becomes the field of dental trouble for our future adult population, and the cost of repair has more than doubled. Early treatment of dental defects of a child between the ages of six and 15 years cuts down the cost of that treatment to less than one-third of what it would cost to correct accumulated defects at the age of 15.

Early education in fundamental health rules is important. Recent research revealed that 50 per cent. of two-year-old children, 70 per cent. of three-year-old children and 90 per cent. of five-year-old children suffer from dental decay.

Once decay has occurred, the only cure for it is operative treatment by a dentist. It is too late then to prevent.

That dental health education is a survey in the United States involving up to 2,000,000 persons. It was learned that 20 per cent. of the people receive regular dental treatment, while 22 per cent. could not afford to pay for it, and 58 per cent. who can afford to pay for it but who, through ignorance, carelessness or neglect, were suffering from dental decay and diseased teeth.

The Canadian Dental Hygiene Council stresses that dental disease is one disease which treatment alone cannot overcome. It necessitates a continuous educational program which impresses upon all the necessity of prevention—proper nutrition, oral hygiene, and the early correction of defects.

Science has not yet fully opened the pathway to complete prevention, and the specific cause of dental decay has not yet been discovered, but it is well to remember that the known measures of control can do much to improve our teeth. Sound teeth and a clean mouth, and their relation to a sound, healthy body, should be a matter of public concern.

Hitler thought Sunday was his lucky day for invasion. His attacks on Poland, the Low Countries, Yugoslavia, Greece, and Russia all fell on Sunday.

Portrait Sold

Artist Buys Individual Picture Of Winston Churchill For \$25,000

Douglas Chondor, the artist who was commissioned by President Roosevelt to paint the Big Three leaders at Yalta, disclosed that Bernard Baruch has bought his individual portrait of Winston Churchill for \$25,000.

The portrait, painted as a study to be incorporated in the larger Yalta canvas, was said to have brought the highest price paid for a portrait by a contemporary artist.

Chondor said Baruch bought the picture the day before Churchill left the country to return to England. The former British prime minister, who saw the picture, described it as a "masterpiece."

The artist said Baruch intended presenting the picture to an American museum. Churchill, Chondor said, expressed pleasure that it was to remain in the United States.

Chondor completed his study of President Roosevelt for the Yalta painting two weeks before the late President's death. This portrait remains in the artist's possession.

He said he hopes to go to Russia, possibly this summer, to paint Generalissimo Stalin. He said Stalin in correspondence with President Truman concerning the Yalta painting had expressed "good will and great interest" but no dates for a sitting as yet have been arranged.

The Yalta painting was re-commissioned by President Truman after Roosevelt's death. The painting when completed is to hang in the national capital. Chondor's home is in Haverford, Pa.

Stamp Collecting

Has Become Big Business But Is A Pleasant Pastime

Collectors (of stamps) still remember with awe the collection of Philippe la Rendiere von Ferrari, who died in Lausanne in 1917, and whose stamps were sold for nearly \$2,000,000. An envelope bearing two stamps sold for nearly \$50,000.

The Taping collection of 100,000 stamps and examples of postal stationery bequeathed to the British Museum was also one of the great collections of all time.

Collecting is big business now, and the United States leads the world in it. But it is still essentially child's play, for the young in spirit if not in years. President Roosevelt in busy wartime spent the last half hour of his day "wallowing" with his stamps, and found in them the relaxation that permitted him to forget affairs of state and finally drop off to sleep.

Perhaps—waiving the expense which threatens to bring you to the verge of bankruptcy—you committed one of your wisest parental acts when you casually started your son down this rambling road and joined him in its vagrant pleasures.—New York Times.

RED CROSS MEMBERSHIP

One in every four Canadians is a member of the Canadian Red Cross. Dr. F. W. Bontley of Toronto, national commissioner, told a meeting of the society's central council. The society has more than 2,000,000 members, a record no longer. Wartime contributions to the Canadian Red Cross exceeded \$40,000,000, he stated.

Seventeen different calendars are used in India.

Found Old Purse

Young Girl Makes An Interesting Find In Her Own Back Yard

Eleven year old Dolores Fitzgerald of Washington, started for the grocery store to get her mother a loaf of bread and came back with \$4,000 in cash. Here's what happened: In her own back yard she found an old, discolored pocketbook. She thought Mom might want to see it, even though some of her seven brothers and sisters urged her to throw it away "cause it's so wet and dirty."

As Mrs. Annette Fitzgerald turned over the purse the contents dropped on the kitchen table—a pair of eyeglasses, gloves, string of beads and \$4,000 in bills in a bag.

Police located the owner, Mrs. Celia Sparrow. Dolores is going to get \$50 for her honesty.

Mrs. Sparrow told police a thief apparently had taken \$1,000 which had been in easy view in the purse, but had overlooked the \$4,000 secreted in the bag, before tossing the purse into the Fitzgerald's back yard.

New Ration Books

Will Likely Be Issued During Week Of September 9

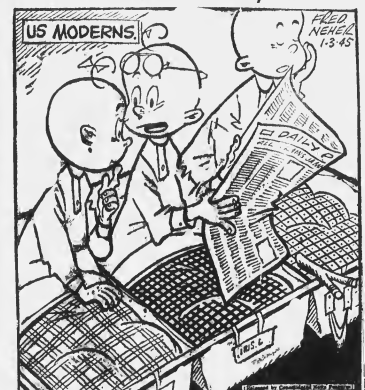

The first coupons in ration book number six will be good for the purchases of butter, meat, preserves and sugar on September 19, according to information received at the regional office of the Wartime Prices and Trade Board.

Last coupons in book number five, now being used for the purchase of rationed food commodities will be valid Sept. 12. According to present plans the new books will be issued during the week of September 9, and it is likely that the program of distribution will follow plans used in other years when representatives of the Consumer Branch were responsible for much of the organization.

To Feel Right—Eat Right

LIFE'S LIKE THAT

By Fred Neher

"Wonder where they get this stuff about the transportation problem being so bad... I had a stork to myself all the way."

REG'LAR FELLERS—Sweet Thought

WINNIE STAHLER — Spotted by a talent scout while acting in an amateur theatrical, lovely Dorothy Winnie, is now in Hollywood after signing a movie contract with M.G.M. Recalling that such stars as Norma Shearer and Deanne Durbin are Canadians, the studio predicts a bright future for her.

Shortage Of Barite

Canada Has Rich Deposits But Very Little Is Mined

Although Canada has some of the richest barite deposits in the world and uses thousands of tons of the ore every year in the manufacture of paint, paper and textiles, comparatively little is mined here. Before the war the bulk of Canada's requirements came from Germany and the United States, but today, with Germany out of the picture and the United States hard pressed to meet its own needs, manufacturers are finding it increasingly difficult to obtain supplies. One reason why barite is not mined more extensively in this country, according to mining men, is that Canada has no plants for processing the ore and no barium chemical industry. A secondary reason, they say, is that mining interest in Canada is focussed upon the precious metals with the result that the average man knows little or nothing of the importance of commercial ores.

Experts advise planting about five seeds in holes about an inch deep, and 8 to 10 inches apart on the little mounds mentioned. Later when plants develop, in about two weeks actually, dig about three plants to one. Keep weeds cleared away, watch out for bugs and to encourage early fruiting nip off end of vines when half a dozen melons or a dozen or so squash or cucumbers are on the way.

The Heaviest Mail

Most Of Letters Received By U.N. Secretariat Are Eccentric

Two thousand communications a week pour into the harassed United Nations secretariat at New York, the letters, cards, telegrams, clippings and pamphlets offering a wide variety of reading matter.

They are filed under three headings: Suggestive, satirical criticism, and eccentricities. Eccentricities' mail runs the heaviest.

Most communications are in English or French, but it's not unusual to receive one in Esperanto, the so-called universal language.

Following is the text of one letter: "What is going to happen?"

"What is going to happen?"

"What is going to happen?"

"What is going to happen?"

"What is going to happen?"

"What is going to happen?"

"What is going to happen?"

"What is going to happen?"

GARDEN

NOTES

Watch For Trouble

In a few days insects or disease, or both, can destroy the work of weeks and an expert advises all gardeners to be on the lookout for pest damage of any kind and to keep some defensive material on hand. A healthy garden is, of course, the best protection, one that is well cultivated, free from weeds and growing fast. Sometimes there is a combination of unusually unfavorable weather, hot and full of moisture. This breeds fungus disease, the kind that rusts hollyhocks and milkweed roses and makes black spots on beans. Fine powdered sulphur will check the first two but is not advisable for the beans.

The best guard against that's healthy seed in the first place, then keep out of the bean patch when the vines are damp. Healthy seed will also help to guard against rot in potatoes and other vegetables. For most bugs, a good commercial spray or dust, easily applied with a cheap sprayer outfit or shaken on from a porous bag, will soon bring things under control. The important thing, agree those who know, is to get the counter measures started at the first sign of trouble.

Hot Weather Plantings

Cucumbers, melons and squash can be grown along the row of corn or at the edge of the garden, where space is limited, where they will trail over the fence, path or perhaps the plot of the next-door neighbor. For best results, however, cucumbers, squash and melons should be planted in specially prepared hills. These plants, like hot weather, are very much afraid of frost and cold, wet feet. They should not be planted until the soil is really warm.

Hills are simply a simple soil built up in mounds 2 or 3 feet across and about 6 inches high. Into these should be worked some well-rotted manure or black mulch. This keeps the soil open so that the soft, fibrous roots can penetrate easily and the darkish color of the mulch or well-rotted manure absorbs the heat of the sun which these plants love.

Experts advise planting about five seeds in holes about an inch deep, and 8 to 10 inches apart on the little mounds mentioned. Later when plants develop, in about two weeks actually, dig about three plants to one. Keep weeds cleared away, watch out for bugs and to encourage early fruiting nip off end of vines when half a dozen melons or a dozen or so squash or cucumbers are on the way.

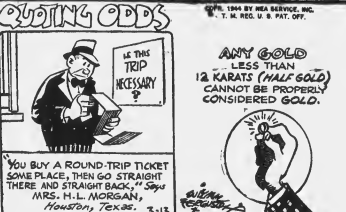

Keep Them Growing

The real secret of crispness and garden freshness is quick growth. This is especially true of early leafy and root types. Lettuce that has been checked in its growth period, or carrots or young beets, and then start to grow again are almost sure to be tougher and less palatable than they should be. The reason is simple. Once growth slows down for any reason the roots or leaves start to toughen and dry out, with the result that crispness and tenderness soon disappear. Even if quick growth is resumed again, there is liable to be a lowering of the high, fresh quality one has a right to associate with vegetables grown right at the kitchen door.

A row must eat 100 or more pounds of grass to produce 20 to 25 pounds of milk.

By William Ferguson

THIS CURIOUS WORLD

BY GENE BYRNES

Why Tweed?

Tweeds were originally spun from Scottish Cheviot wools. For many years they were called twills. But Scottish tongue pronounce twill as "tweed." In a certain law suit, it was read as "tweed," by one James Lock, of London. It was the word "tweed," biotted or imperfectly written, which gave rise to the now familiar name. This was appropriate, since it was made almost exclusively on the banks of the River Tweed, in Scotland.

In EATON'S Catalogues, there's no doubt about whether a fabric is twill or tweed. Experts in EATON'S Research Bureau are constantly testing and examining merchandise, to ensure that descriptions are accurate. When EATON'S says it's all-wool tweed, IT'S ALL-WOOL TWEED!

LOCAL NEWS

Mrs. Annie Lant was a patient in the local hospital during the week.

Mr. and Mrs. Alwyn Hayson, of Bellevue, were Calgary business visitors during the week.

Mrs. J. Ferguson was allowed home this week after being a patient in the local hospital.

Miss Carolee Ann Panek is the guest of her grandparents, Mr. and Mrs. J. Panek, of Hillcrest.

Mrs. L. A. Caroe and son Jonty, accompanied by Mrs. J. Michalsky, visited in Edmonton recently.

Wm. "Bill" Cole is a patient in the Col. Belcher hospital, Calgary, where he underwent an operation.

Mr. and Mrs. J. Colombo and children are visiting in Creston, the guests of Mr. and Mrs. John Salvador.

Jack Hopkins was admitted to hospital on Monday and is scheduled to go through an operation on Friday.

NOTES FROM ST. ALBAN'S LADIES GUILD

Last month the ladies of St. Alban's Ladies Guild entertained in honor of Mrs. George Burtink, an English war bride. The evening was spent playing court whist, prizes being won by Mrs. S. Penney and Mrs. J. Derbyshire. Lunch was served following which, Mrs. Penney president of the Guild, presented Mrs. Burtink with gifts from the members and extended a hearty welcome to Coleman and to the Church of England in Canada. Mrs. Burtink ably responded.

Prior to her departure with her husband to Edmonton Mrs. Jim Kellock was entertained by the Guild. She was presented with a gift on behalf of the members by Mrs. Wm. Gate. In replying to the presentation Mrs. Kellock thanked the members for the gift and remarked that she had enjoyed working along with the other members on behalf of the church.

Mrs. Walter Pettifor was also entertained prior to her departure last Friday for Maple Creek, Saskatchewan. Mrs. Penney presented the honored guest with a gift on behalf of the members and thanked her for her work as Guild secretary for the past two and a half years. Mrs. Pettifor, in reply, stated she had enjoyed her work and had enjoyed her stay in Coleman.

MR. AND MRS. WM. BERESKA TO LEAVE FOR COAST

Mr. and Mrs. Wm. "Bill" Bereska and family are packing their furniture preparatory to leaving for New Westminster next Wednesday.

Mr. Bereska spent three weeks in April at the west coast investigating employment and housing conditions. His parents are residents of New Westminster. Employment, he found easier to get than housing accommodation, as he received two

offers of employment.

They will make their temporary home with his parents until they find a home of their own.

They are well known by the local younger set, Mrs. Bereska, nee "Speedy" Splevak, having resided here since a young girl and attended the local schools as well as taking part in local sports. Bill, since his residence here after serving in the armed forces, has taken a keen interest in sports, especially curling. He has been driver boss at McGillivray Creek for some time.

Their many friends wish them luck and happiness in their new home.

MR. AND MRS. NELS FRANDSEN TO LEAVE COLEMAN ON SATURDAY

Mr. and Mrs. Nels Frandsen and two children are scheduled to leave Coleman on Saturday for the Claresholm district where they will reside on a farm.

It is several years since Mr. and Mrs. Frandsen came to Coleman, settling in Carbondale, the former gaining employment with McGillivray Creek.

Mr. Frandsen has been quite a curling enthusiast during the past two years and his enthusiastic support of the local club is going to be missed. Their many Coleman friends wish them luck in their new home and in their new vocation of farming.

Celebrated 70th Birthday

Mrs. Joe Stephenson celebrated her 70th birthday this past weekend. A host of friends from Coleman, Michel and Fernie greeted her, and her four nieces, Mrs. Elsie Barbee, Rocky Mountain House; Mrs. Lillian Christenson, Derwent; Mrs. Aleatha Reed, Hythe and Mrs. Edna Heard, Edmonton, came to celebrate this happy occasion with her.

Mrs. Stephenson came to Coleman with her sister-in-law, Mrs. George Benson and her seven children in 1909. She went back to England for two years, returned to Coleman in 1911, was married in Fernie to Joe Stephenson. They settled in Coleman, resided here until 1929 and since then have resided at Sentinel near Coleman.

Mrs. Stephenson is enjoying excellent health and is always keenly interested in current events, and ready to talk over old times and memories of Coleman.

CARD OF THANKS

Mrs. Joe Stephenson wishes to express her sincere thanks to her many friends for their good wishes and gifts to her on her birthday.

"THAT'S A LOAD OFF MY MIND!"

Mrs. Mason's husband gets his pay in cash. Since he's working all day, his wife banks it for him, and she says she's always jittery 'til she gets it safely there. And her brother, who runs a store, says he worries too about the money from the cash register! Safeguarding your money is one of the prime services rendered by your bank.

What a relief it is when you have deposited your money in the bank! No more worry lest it should be lost or stolen! You need only keep a little ready cash in your pocket or in the house. Bills can be paid by cheque and your cancelled cheque is your receipt.

When the teller hands you your pass book, you glance at the balance and know to a cent how much money you have. You are so accustomed to your bank's accuracy that you seldom bother to check the figures.

The very fact that you—and some 5,000,000 others—take all these conveniences as a matter of course is a daily demonstration of your confidence in the dependability and efficiency of your bank.

W.J. Bartlett

(Continued from Page 1)

Friday afternoon. Three weeks ago he was forced to take to his bed and his condition became increasingly critical until Wednesday afternoon he was taken to the Blaimore hospital where he passed quietly away two or three hours later.

Fishing was his most ardent sport and there are few streams in this vicinity that he has not cast a line. This sport was denied him during the past few years when rheumatism caused him to refrain from wading the streams.

The funeral will be held on Sunday at 3:30 p.m. from Crows Nest Undertaking Parlors. Services will be conducted by the Rev. J. McKelvey in Central United church with interment in Blaimore Union cemetery. Blaimore Elks Lodge is in charge of funeral arrangements.

Surviving are Mrs. Bartlett, one sister, Mrs. John A. Pettis, Bishop Falls, Newfoundland; Allan G., of Corner Brook, Nfld.; Charles B., of Carleton Place, Nfld. and Robert B., of Detroit.

Last fall Charles Bartlett, of Newfoundland, paid his brother a visit here for two weeks, the visit marking the first time the two brothers had met in many years.

Dr. Hope Gill

(Continued from Page 1)

It was the speaker's opinion that regarding the white man the Japanese sought to see how far they could actually go and to this end they ill-treated the British and American women. "They went far too far," stated the speaker, adding that often one appeared to feel that their government failed to give sufficient protection to their nationals in the far east.

In September, 1939, he and Mrs. Hope Gill, travelling via Siberia and Europe finally reached England. It seemed unreal that Britain could be so unready for war in face of the armed might that was marching through Europe.

Prior to the outbreak of war with Germany and Britain he was in Chicago gaining further training in surgery. Shortly after he and his wife and family left once again for China.

The Japs had by this time taken over control of the transportation systems and in order to keep the railways free always had hostages which they executed should a raid be held on sections of the railroads.

It was the doctor's opinion that the raids on Pearl Harbor, Hong Kong, etc., were part of a time schedule as they all appeared to be attacked at about the same time so that one was powerless to escape from the Japanese clutches.

Of the Red Cross parcels he spoke very highly, stating that they undoubtedly saved many thousands of lives.

Reduced Fares On C. P. R. For Victoria Day

SPECIAL FARES for the Victoria Day week-end on Canadian Pacific Railway lines are announced by W. A. Molstad, Agent, Coleman Alta. The low fares will be available from Thursday, May 23 to 2 p.m. Sunday, May 26, and will be good to return leaving destination up to midnight of Monday, May 27.

On branch lines where there is no train service on May 23, the tickets will be sold to commence journey on May 22. Similarly the return limit will be extended to make it "good on first available train" in cases where there is no train service on May 27.

The low rate of single fare and one quarter for the round trip will be good between all stations in Canada and in all classes of accommodation.

BOARD OF TRADE NOTES

A Highways Committee, under the chairmanship of Frank Abousafy, has been chosen by the Board of Trade.

Suggestions under study at the present time are proper traffic signs directing tourists through the main street and thus eliminate the difficulty at present experienced by tourists who are apparently unable to turn off Second street.

It has been suggested that parking space be made at the top of Carbondale hill so that the tourist may park his car and take a leisurely look over the entire town.

It has also been suggested that signs be located along No. 3 highway pointing out and giving a brief

historical record of interesting mountain peaks in the area.

A luncheon meeting has been tentatively set for Tuesday evening, May 28, in the Grand Union at 7 o'clock.

CORRECTION

In publishing the list of St. Alban's Tombola prizes last week it was erroneously mentioned that Mrs. R. Holmes had won a prize. This should have read Mrs. M. Holmes. Sheila Penny won a \$250 prize and not \$2.

BANKING IN ACTION

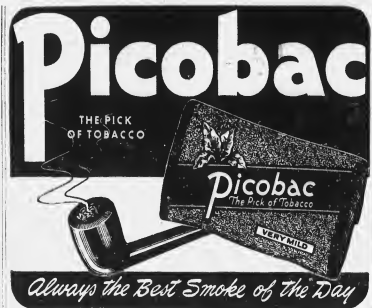

The Canadian Bank of Commerce has loaned millions of dollars to farmers through the years of expanding frontiers. Throughout Canada it has applied Banking in Action to help build this nation's thriving dairy and livestock industry.

FLOURISHING FIELDS OF GRAIN—fat livestock, fruitful dairy herds and flocks—cereals, meats, milk, cheese, butter, eggs; the food of a nation and the hopes of starving peoples abroad; thriving communities, dependent for their welfare on the farmer—all these things flow from Canada's Agricultural Industry. That is Banking in Action.

The Question Of Immigration

CANADA'S FUTURE POLICY in regard to immigration is a subject that is of considerable interest at the present time, both to Canadians and to people of other lands who are interested in the possibilities of making new homes here. The people of Canada hold many divergent views on this subject, but it is generally agreed that no definite plans should be formulated until the present housing and employment problems here are satisfactorily solved, and all veterans and war workers have been re-established. In the past, immigration played an important part in Canada's development. Between the years 1851 and 1941 nearly seven million immigrants were admitted to this country. The peak year was 1913, when 400,870 persons came here from other lands. All these people did not remain permanently. Some later emigrated to the United States, others returned to their native lands, but the majority of them did stay here and they have had an important part in the industrial and cultural growth of the country.

Many Wish To Leave Europe

Despatches from abroad tell of the interest of the people in many parts of Europe in the possibilities of making new homes in Canada and other countries where there are opportunities and living space. The devastation of war, followed by acute food shortages and political unrest, have created an increasing desire among many Europeans to get away from all this, and establish themselves in new surroundings. One writer, commenting on this subject, says, "Australia, New Zealand, Canada, South Africa, South America—wary citizens cling to these visions of sunny skies, rolling plains, forest lands and untapped mineral soils in regions waiting for more men; countries where confused ideologies can be cast off like soiled garments." In Britain, likewise there is evidence of much interest in immigration, and reports tell of thousands of people begging Dominion offices for information.

Problem Is A Complex One

In France, a recent survey revealed that forty per cent. of the men between the ages of twenty and thirty-eight wished to leave the country. This figure is considered to be very high, since in the past the French have been among those least willing to leave their own land. The percentage of those wishing to leave Central European countries is reported to be higher than that recorded in France, and in Sweden and Denmark there are also many who plan to find new homes abroad. While the governments of the British Dominions and the Latin American states ponder the problems of permitting large-scale immigration, the countries of Europe are likewise concerned at the prospect of losing many of their citizens at a time when the population is depleted by war, and men are urgently needed for the task of reconstruction. One observer sums up the situation in these words, "The newer world needs more men for economic expansion or for self-defence. Europe must keep her men if she is merely to survive." The problem is a complex one, and much wisdom and tolerance will be required in dealing with it.

**KIND TO YOUR BUDGET
... EASY TO MAKE!**

Beef Upside-Down Pie

1½ cups flour
3 cups Magic Baking Powder
1 tsp. salt
1 tsp. celery salt
½ tsp. white pepper
5 lbs. shortening

Sift together flour, baking powder, ½ teaspoon salt, celery salt and pepper; add 3 tablespoons shortening and mix in thoroughly with fork. Add milk and stir until blended. Melt remaining two tablespoons shortening in frying pan, and cook onions until soft. Add tomato soup, remaining ½ teaspoon salt and ground meat; bring to boil. Spread baking powder mixture on top of meat mixture and bake in hot oven at 475°F. for about 20 minutes. Turn out upside down on large plate. Serves 8.

MADE IN CANADA

From Memory

British Artists Draw Pictures Of Bananas, Mushrooms, And Tomatoes

British artists smothered the 175th exhibition of the Royal Academy with loving depictions of oysters, bananas, mushrooms, tomatoes, onions and joints of beef, not to mention overstuffed nudes who couldn't have got that way on ordinary civilian rations.

The handful of critics given a preview of the art event of the year toured the 1,298 paintings, drawings and sculptures and agreed that the artists had been doing still life works from memory. Mushrooms, for one item, are more than \$3 a pound and adults haven't had bananas for more than seven years.

England's most famous writer, Shakespeare, and Spain's most famous writer, Cervantes, both died on April 23, 1616.

Harvesting Labor

The United States And Canada Plan Harvesting Exchanges

An international agreement allowing the exchange of harvesting labor and equipment between Canada and the United States will be in effect again this year, the labor department announced. Similar plans were in effect during the war.

The plan covers the movement of such equipment as harvesters and combine reapers between the prairie provinces and adjacent states. Canadian operators with their harvesting crews and equipment may enter the United States May 15 or later and the latest date for their return has been set at Sept. 1, when Canadian harvesting commences. United States crews and equipment will be permitted to remain in Canada until Dec. 31.

JUST AS BAD

Toronto's principal coroner advises men who are over 50 to avoid fatigue. The trouble is that if you devote yourself to avoiding fatigue, which is bad for you, it is quite likely that you will make the acquaintance of boredom, which will kill you just as fast.

Paris was the largest city in the world for 1,000 years.

Price Control And Rationing Information

Q.—Are the "S" coupons in ration book five used for the purchase of canned sugar?

A.—Anytime after May 2 consumers may purchase their first five pounds of canned sugar. The coupons to be used are the regular "S" coupons. In July another five pounds may be purchased.

Q.—Must the price of goods be placed on the price tag when they are displayed for sale?

A.—The cash price of any goods must be quoted to a prospective buyer, and every price tag, card or label attached to or displayed with any such goods must show the cash price.

Q.—How many fluid ounces of maple syrup can I purchase with one sugar-preserves coupon?

A.—Up until May 31 each valid sugar-preserves coupon is good for the purchase of two quarts (80 fluid ounces) of maple syrup. After May 31 the coupon value of maple syrup returns to its normal level of 48 fluid ounces per coupon.

Q.—Must all meat retailers display a chart in their place of business showing the cuts and prices of pork?

A.—Yes, all meat retailers must display a pork price chart.

Please send your questions or request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

Food Shortage

There Is Urgent Need For More Home Gardens

Emphasizing the fact that an increased number of home gardens will help to meet the desperate world food shortage, A. M. Shaw, chairman of the Food Information Committee said: "The Victory Gardens of the war years are still needed in the war against want. Once again they can help to win victory over a bitter enemy of humanity—famine."

A quarter of a million Victory Gardens would be a suitable goal for this year, Mr. Shaw said. The food produced in these gardens will make possible increased shipments of staple products such as wheat, meat, cheese and eggs to the hungry people in several countries. The 226,000 home gardens planted in cities and towns across Canada in 1944 produced approximately 120 million pounds of potatoes, carrots, beets, turnips, cabbage, onions and other garden produce.

There is ample seed available on the market, as well as tools and fertilizer to meet the needs of Victory gardeners. A helpful pamphlet entitled "The Wartime Garden" may be obtained free from the Dominion Department of Agriculture, Ottawa.

SOUTH AFRICAN GOLD

Former Manitoba Drilled The Core That Produced Phenomenal Strike

E. C. Hicks, the former Manitoban who drilled the core for Gold Number One borehole that produced South Africa's most phenomenal gold strike in a generation, gives main credit for the discovery to another former Manitoban, Dr. J. A. Bancroft. Mr. Hicks, whose parents, Mr. and Mrs. G. W. Hicks, still live at High Bluff, Man., made this modest comment on the find which hit the headlines around the world:

"Dr. Bancroft decided where the borehole should be drilled... I only took the core out of the drill and assayed it."

Dr. Bancroft, consulting geologist to the Anglo-American Corporation and formerly a professor of geology at the University of Manitoba, now is in charge of the corporation's drilling activities in this field.

Dr. Hicks spends most of his time in the field and is one of the best-known characters in Odendaals Rust, in the centre of the Free State goldfield.

The never-ending friendly feud between him and rival drillers sometimes is cooled with such fierceness—especially during the last few weeks—that the uninitiated often think the argument must end in blows. But although Mr. Hicks has been accused by his rivals of many sins, he is probably the best-hated man on the new fields and is held in high esteem.

The core he drew from the number one borehole proved to be 100 times richer than the average gold ore on the Witwatersrand field, but Mr. Hicks, the man who first knew the sensational news, does not hold a single share in the company.

He is too busy seeking another spot where perhaps another sensational strike may be made to join the world rush to buy Orange Free State gold shares.

Rewarded For Kindness

Young Canadian War Veteran Falls Heir To A Fortune

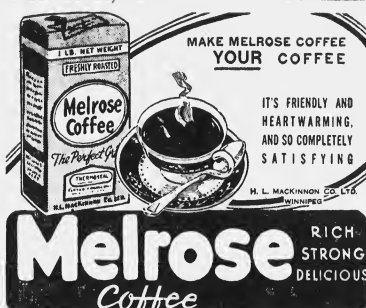

A young Canadian war veteran, Paul Lloyd, has fallen heir to more than \$100,000 bequeathed by a Maine farmer he helped to save from robbery several years ago.

The 30-year-old Lloyd was visited by a Bangor, Me., lawyer at his radio repair shop in St. John, N.B., and was informed the lawyer had full authority to turn over the assets of the estate of Fred Streed. Lloyd was named the sole beneficiary.

The veteran who served in the Canadian Army years ago recalled that he and his brother aided Streed when the 70-year-old, Finnish-born farmer was attacked by a gang of men several years ago. Streed gave Lloyd a job on his farm at the time and they became close friends, greatly aided by the fact the younger man could speak Finnish.

After leaving Maine, Bud married and later joined the Army. He had not heard from Streed for several years, he declared.

About 20,000 different kinds of butterflies are found in South America, while North America has only about 700.

"No no, Carrymore! You were supposed to rescue Miss Alor—not the crisp, crunchy, delicious Grape-Nuts Flakes!"

"Sorry, Mr. De Bill—but when I saw these matty-rich, sweet-as-a-nut Grape-Nuts Flakes floating around out there, I guess I got carried away!"

"Well put 'em down over here near me. I could do with some of those carbohydrates for energy; proteins for muscle; phosphorus for teeth and let's get home for a couple of bowlfuls!"

Remains In Canada

Remains From Scotland Has Chosen Canada As Her Home

An evacuee from Glasgow who won an oratorical contest two years after her arrival without showing a trace of Scottish accent, Frances Anderson Pitkethly is the only "war guest" in Dufferin County, Ont., who has chosen Canada as her home instead of returning to Scotland.

Frances, whose mother died two years ago, came to Canada in the fall of 1940 when she was 10 years old. Her father, a brother and a sister are still in Glasgow and Mr. Pitkethly hopes to come and see his expatriate daughter as soon as travelling facilities permit.

A patrol leader of Shelburne's Girl Guides, Frances has become proficient at skating and skiing and is progressing with her studies at Shelburne High School.

A steady correspondence has been kept up between Mr. Pitkethly and Frances' local "father", F. O. Fleming, and the Pitkethly home in Glasgow has often been a leave-haven for Shelburne officers and men in England.

Community Service

Newspaper Can Do Much Toward Building Up A District

The Canadian Printer and Publisher says: A newspaper is more than a purveyor of news. For one thing it is expected to lead in community welfare—to be alert to the needs of its city, town and district. It is expected to advocate changes for improvement, and boost local projects; it is expected to be a public-relations mouthpiece for the district.

Many examples of this kind of community leadership have been witnessed in both the daily and weekly newspaper fields. Indeed, Canada is fortunate to have a press of such high standards. Some papers, especially, stand out as examples of what a newspaper can achieve by constantly being alert to opportunities, coupled with the desire to render community service.

Wherever you find community service rendered you usually find a successful newspaper—either in small town or larger city.

WONDER BEACON

The first great lighthouse, almost 400 feet high, stood on the Island of Pharos, off the coast of Egypt, and was known as one of the seven wonders of the ancient world.

Reconnaissance photographs in color during the war showed the slight but vital difference between living foliage and the branches cut for camouflage.

Guest Conductor

Sir Ernest MacMillan Is To Conduct Orchestra In Brazil

Sir Ernest MacMillan, conductor of the Toronto Symphony Orchestra, will leave early in July for Brazil where he has been invited to appear as guest conductor of one of the foremost symphony orchestras in South America.

The invitation was arranged through Hon. Jean Desy, Canadian Ambassador to Brazil, who has long held a belief that South Americans should hear music of their northern neighbors.

GEMS OF THOUGHT

COURAGE

Courage is that virtue which champions the cause of right—Cicero.

Where true fortitude dwells, loyalty, bounty, friendship, and fidelity may be found. — Sir Thomas Browne.

Immortal courage fills the human breast and lights the living way of life. — Mary Baker Eddy.

Who, then, is the invincible man? He whom nothing that is outside the sphere of his moral purpose can dismay. — Epictetus.

Courage is, on all hands, considered as an essential of high character. — Froude.

The bravest are the tenderest. — The loving are the daring. — Bayard Taylor.

HAS STRANGE JOB

One of the strangest jobs in the world is that of Tom Smith, Norwich, England, who bathes canaries, wrapping each customer in a tiny blanket and drying it before a candle.

BURGESS BATTERIES

For Electric Fences
Operating from a 110-volt AC supply Burgess batteries can be used in place of a transformer and are much safer than other types. They are made up of Burgess cells and are designed to give long service.

RECOMMENDATION IS MADE TO RESTORE FOOD RATIONING IN THE UNITED STATES

WASHINGTON.—Stabilization director Chester Bowles plans to recommend that President Truman restore food rationing in the United States in August unless prospects for meeting famine relief commitments improve quickly.

A high official said Mr. Bowles believes it may become necessary to ration meat, butter and cheese, and possibly bread.

Mr. Bowles' views on rationing became known as former President Hoover returned from his round-the-world survey of food requirements and headed for a conference with Agriculture Secretary Anderson.

Another arrival was Herbert Morrison, lord president of the council in the British cabinet. He issued a statement saying he had "come here on behalf of the British government and people to discuss with the president how the causes for which you and we fought victoriously in this war can be saved from being dragged down into defeat by world famine."

He disclosed that he may make a quick trip to Ottawa.

In London, the political correspondent for the News Of The World, quoted the "highest authority," reported that Mr. Morrison will ask the president to ration meats and fats in the United States.

Mr. Anderson meanwhile renewed his warning that depletion of the country's grain reserves requires a reduction in production of livestock products if famine abroad is to be prevented next winter.

Describing the food outlook in a broadcast, Mr. Anderson reported "every indication that the world food shortage will continue until the 1947 harvest."

BOARD TO CONTINUE

Warfare Food Agency To Carry On Until The End Of The Year.

OTTAWA.—In order to promote the "best possible utilization of world food supplies" Prime Minister Mackenzie King, in a statement made jointly with President Truman, announced extension to Dec. 31 of the life of the combined food board, a wartime agency designed to allocate food supplies equitably during the war.

Scheduled to be disbanded June 30, the board would be continued, the statement said, "because of the deterioration that has occurred in the world food situation in recent months and the need to extend distribution of many foods with a view to preventing widespread suffering and starvation."

SALARIES LOW

TORONTO.—The United Church of Canada reported that the average salary of Protestant ministers in Canada—\$1,800—is on the same footing as the top salary paid Toronto garbage collectors and street cleaners and half the average salaries of doctors and lawyers. The church has launched a drive to build up a fund of \$3,500,000 which will allow United Church ministers to retire on pension.

WHEAT QUOTA DOWN

WASHINGTON.—Dean Acheson, United States acting secretary of state, announced that the United States was 150,000 tons short of its famine relief exports of wheat for the first week in May.

SAYS CONTROLS WILL BE RELAXED OR LIFTED AS SOON AS IT IS POSSIBLE

HAMILTON.—Immediate lifting of controls would disrupt relief shipments to Europe and might drain the Canadian market of goods which could be sold at higher prices in the export market, Trade Minister MacKinnon said.

Mr. MacKinnon, in an address prepared for delivery to the foreign trade conference of the Canadian chamber of commerce, gave assurance that controls administered by his department would be relaxed or lifted as soon as possible. The fact some controls were continued did not remove the onus of leadership from business.

"It now is admitted by almost everyone that the state cannot assume the responsibility for keeping employment at a high level, as it has done, without at the same time accepting responsibilities for the general policies which alone can make this achievement possible," he said.

"A new outlook is shaping the economic life of our time. But I wish to make it emphatically clear that as far as the government of Canada is concerned, its whole conception of the role to be taken by the state is based upon its belief in private enterprise as the best way to achieve expanding production and

ESKIMO POPULATION

Said To Be Declining Rapidly From Ravages Of Disease

EDMONTON.—A Canadian army signals officer who traversed 3,100 miles across the northwest Arctic with "Expedition Muskox" said the Canadian Eskimo population was declining rapidly and hinted the race might eventually disappear.

As the officers and men of the 81-day trek prepared to ship their 10 snowmobiles to Ottawa and go on leaves, Maj. Frank Ribbell, of Edmonton, who knows the north country from army work there 23 years ago, said he believed from his observations that the Eskimo population had decreased as much as 50 per cent. in the last quarter century.

The major, who first hit the far north with Canadian army signal corps and became known among the Arctic Eskimos, said he met many of his "old friends." But he said the white man's invasion of the north had brought disease to the Eskimo population.

"How long they'll last I don't know, but it won't be long at this rate," said the army officer who is credited with being the man who finally brought Albert Johnson, the "mad trapper," to justice with a bullet on the Eagle river early in 1931, ending a long police chase of the murderer.

"Should they die out completely, the world will lose one of its greatest races. Any far north Eskimo lives more democratically than the white man ever dreamed of."

AHEAD OF SUPPLY

Demand By Priority Users For Cars

OTTAWA.—Demands for new cars by priority users are running well ahead of deliveries, it was shown in figures made available, without comment, by the reconstruction department.

In April, for instance, there were 14,972 prospective purchasers who proved themselves eligible for priority certificates; but during the month only 4,775 cars were shipped by manufacturers. Actual shipment fell far short of the manufacturers' estimate of 10,226.

MUST SLOW UP

Winston Churchill Told By Doctors To Take It Easy

LONDON.—Winston Churchill discloses that his doctors have told him to take it easy.

He has declined an invitation to become a freeman of Inverness with the comment: "The doctors have ordered me to rest as much as possible, and already I have made engagements of this nature outstanding."

Churchill has gone to Holland for a visit to Queen Wilhelmina. He was accompanied by Mrs. Churchill and their daughter, May.

TAX TOTALS DROP

OTTAWA.—Revenue Minister MacKinnon announced the net total for income tax and customs and excise collections reached \$2,266,710,191 for the 1945-46 fiscal year, a decline of \$99,871,081 from the \$2,366,581,272 collected during the previous year.

NEW GOVERNOR-GENERAL OF NEWFOUNDLAND—New Governor of Newfoundland, Sir Gordon Macdonald, is seen here. Sir Gordon arrived in Halifax aboard the Aquitania on route to Newfoundland. He is the second laboring man to receive a governorship recently. The new governor was a miner for 22 years, entered parliament as a Labor member in 1929 elections. He's Welsh-born, started work at the age of 13 years.

FOOD SHORTAGE

Situation In India Is Cause Of Much Anxiety

LONDON.—The Indian food situation is causing "the greatest anxiety" because drought has reduced home supplies of grain and shipments of cereals to India are not up to expectations, Prime Minister Attlee told the commons.

The March rains in India have not brought any material improvement in crops and the output is said to be seriously short, Mr. Attlee said. Due to the country's dependence on imports, rationing of cereals had been extended to the whole of the population of Madras, Bombay, Travancore, Cochin, the Deccan states and Mysore.

GET MORE CANDY

British Children Will Receive 14 Ounces Each Month

LONDON.—Tuesday proved bountiful to British children as the food ministry announced an increase of two ounces in the monthly candy ration. From June 23, the "sweets" ration will be increased from 12 to 14 ounces for the four-week period.

Sir Eon Smith, food minister said the increase was possible only by the cut in the sugar allocation for cakes and flour, confectionery and beer.

DEAR EATING

LONDON.—When the first strawberries of the season appeared on the London market priced at three pence (about six cents) a berry, the supply disappeared within an hour.

SEEDING OF CROPS IN THE PRAIRIE PROVINCES REPORTED TO BE WELL ADVANCED

TRYING FOR MEDAL

Motorist Plans Coast-to-Coast Trip On Canadian Roads

VICTORIA.—Thirty-four years ago the late Albert E. Todd, mayor of Victoria, offered a gold medal to be awarded the first motorist to cross Canada by car on Canadian roads and highways.

The medal is as yet unclaimed, but George I. Warren, managing secretary of the Victoria Automobile club announced that Brig. R. Alex Macfarlane, of Toronto, plans to leave Louisburg, N.S., and travel to Victoria by car.

Anyone is eligible to compete, Mr. Warren said. There are certain rules to be followed. With the exception of the Vancouver-Victoria or other ferry between Vancouver Island and the mainland, no ferry of more than 20 miles will be permitted. Traveling on railway tracks is prohibited and the route to be followed must not leave Canada. It is not a speed contest.

The contestant's logbook must be endorsed every hundred miles by postmaster, town official or prominent stockholder, merchant, or automobile dealer.

GOING NORTH

Making Long Trip To A Spot On The Rim Of The Arctic

YELLOWKNIFE, N.W.T.—Ice difficulties on Great Slave Lake provided Herbert Holland of Los Angeles with the first really serious difficulty on his 2,500 mile trip to Selkirk on the edge of the Arctic circle—a trip originating with a radio program in Los Angeles in which Holland was given the assignment of bringing back a sample of free gold from the new camp at Selkirk.

Holland left Los Angeles after the radio program and arrived here after enduring five different planes, with only sketches of sleep.

THE GREEK ISSUE

LONDON.—The newspaper Sunday Observer said the British government had sent a memorandum to Washington proposing a plebiscite on the Greek monarchy at the earliest possible date.

OTTAWA.—The Dominion bureau of statistics reported seeding of crops is "well advanced" throughout the prairie provinces, particularly in Manitoba, after an early spring.

Reports from Manitoba indicate spring work in the grain-producing areas was "unusually well advanced" for this time of year. Soil and weather conditions have been generally ideal for early spring seeding.

Wheat seeding, with the exception of northern areas, was nearing completion by May 4. Last year it was estimated that only one per cent. of the wheat crop had been seeded by the end of April.

Precipitation during April was below normal, but moisture conditions still were deemed to be generally satisfactory with the possible exception of the southwestern portion of the province, where rainfall would be beneficial.

In Saskatchewan, wheat seeding was reported from 60 to 85 per cent. complete by May 6 in south-central and west-central districts, and will likely be completed by the end of the present week.

Taking the province as a whole approximately 40 per cent. of the wheat acreage had been seeded by May 6, with about 15 to 25 per cent. of coarse grains sown at the same date.

Seeding of wheat in southern portions of Alberta was nearly complete by the end of April and some early seedings were showing above ground. Fall and winter wheat were reported to have wintered well in this area, but dry weather and high winds during April caused some damage.

Relatively little oats and barley were seeded in central Alberta by the end of April and very little seeding of any crops had been done in northern and northeastern areas by April 30.

Moisture conditions throughout the province were reported as generally fair to good, but April had been unusually warm and dry and rains were needed in some areas, particularly in the south, to check soil drifting and to permit even germination.

Withdrawal Of Troops From Egypt Opposed

LONDON.—Australia and South Africa, taking the position that the Suez canal is a vital link in communications between them and the United Kingdom, view with misgivings Britain's proposal to withdraw her troops from Egypt, an authoritative source disclosed.

The British proposals, forerunner of negotiations for revision of the 1936 Anglo-Egyptian treaty, spurred hopes in India, meanwhile, that a similar policy might be applied there. But in Cairo the announcement was greeted with suspicion and reserve, both by Egyptian politicians and Egypt's press.

It was learned reliably that Australia took the position that withdrawal of the British military establishment might be acceptable if, in future negotiations, Britain and Egypt could agree on a British base adequate for protection of the Suez canal and other vulnerable points in the Middle East.

Prime Minister Attlee, who apologized to the house of commons for giving the impression that dominion representatives had agreed to the proposal in advance, made it clear that eventual withdrawal from Egypt was a decision for which his Labor government would assume full responsibility. The dominion representatives were consulted but not asked to commit themselves, he said.

In Simla, where Indian leaders have been conferring with a British cabinet mission on a formula for India's independence, Pandit Jawaharlal Nehru of the Congress party working committee, said the proposal was a wise one, and added that "the sooner British troops are withdrawn from India the better."

TRAINING ON FRIGATE

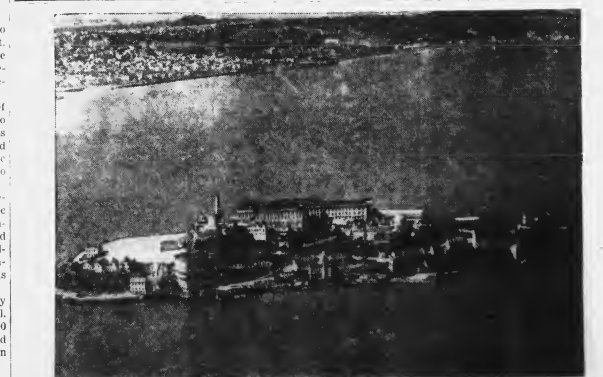

VICTORIA.—H.M.C.S. Charlottetown, frigate, will leave Esquimalt on a training cruise. She will carry 80 university student naval trainees, most of them from the University of Saskatchewan. They will sail to waters of Alaska on a trip expected to last nearly three weeks. It is the first of three such training cruises planned for university student seamen.

DEMOCRACY IN JAPAN

TOKYO.—Democracy in Japan is getting rugged; Tokyo University has refused to admit a royal prince who failed his entrance exams. He is Prince Morihiro Higashi-Kuni, son-in-law of Emperor Hirohito.

HON. C. D. HOWE'S DAUGHTER WILL BE JUNE BRIDE—Miss Elizabeth Howe, daughter of the Hon. C. D. Howe, minister of reconstruction, and Mrs. Howe, Ottawa, whose marriage to Capt. Robert W. Stedman, son of Air Vice-Marshal and Mrs. Stedman, is to take place on the 8th of June.

CONVICTS STAGE BLOODY BATTLE WITH GUARDS AT ALCATRAZ—This air view of Alcatraz Island, federal penitentiary for "tough prisoners," was taken from the east side of San Francisco and shows an expanse of San Francisco Bay, and beyond the city, the Pacific ocean. When the no-quarter struggle ended, two guards and three convicts were dead, 14 guards and one convict were wounded. Walls of cell C where the criminals died were chipped by bullets and grenades.

WAR CRIMINAL

LONDON.—Trial of Marshal Rudolf Graziani, described as "Italy's war criminal No. 1," will begin at Rome assizes, May 24, Rome radio said.

"Nevada"**LOCAL NEWS**

Mrs. Cecil Milley has been allowed to return home after being a patient in the local hospital.

Mr. and Mrs. I. A. James plan on leaving at the week-end for Vancouver where they will vacation with relatives.

The Journal acknowledges with thanks re-nouvel subscription received last week from Mr. W. H. Chappell, of Blaimore.

Mr. and Mrs. Andy Gardiner left for their Vancouver home on Tuesday following a visit with relatives and friends in the Pass.

Mr. and Mrs. Matthew Wilson left this afternoon for their home at Victoria following a visit with members of their family here.

Mr. J. A. King, chairman of the Alberta Liquor Board, and Mr. Hugh Baker, Store supervisor, paid a routine visit to the two Pass liquor stores here last week.

The Journal acknowledges with thanks a re-nouvel subscription received from Jim Hadley, of Calgary, on Wednesday morning. Jim extends his best regards to all his old friends.

W/C Foss Boulton arrived in town this week to join his wife and spend a vacation with his parents, Mr. and Mrs. Harry Boulton. Foss has been in charge of an RCAF base in eastern Canada.

Jim Maurer returned home last week from the west coast where he spent several years with the RCAF. He has now received his discharge from the service and is resuming his old job at the local mines.

Mr. and Mrs. H. Erwin and son Billy are Lethbridge visitors.

Two weeks ago Major J. W. Gresham left his Santa Barbara, Cal., home for the Pass when he suddenly became ill enroute. He was flown back to Santa Barbara.

Coleman Hardware took delivery of a new Mercury light delivery truck on Wednesday morning. It is expected that Will will really whistle in earnest as he drives to work these nice spring mornings.

Mr. and Mrs. Jack Clark recently returned from a few days spent at Ainsworth Hot Springs near Nelson, B.C. They plan on returning to the same spot this week-end, Jack being on three weeks vacation. He is being relieved by A. R. Bourne.

Mr. and Mrs. H. A. Shayler, who left Crows Nest at the beginning of March for the west coast, have now apparently taken up permanent residence at Victoria. Mr. Shayler retired on pension from the CPR service at the end of February.

Cpl. Thelma Vincent left on Wednesday's train for Winnipeg where she will be given her discharge from the RCAF (WD). Thelma is now a seasoned traveller having trained at various bases in the Dominion before going overseas. She only returned from overseas a few weeks ago.

Frank Hastie, engineer at Sentinel power plant prior to the war and who was a Lieutenant during the war has now been discharged from the army and is back at his old haunts at Sentinel. Frank was at one time secretary of the Lions club and on Monday night was back to say hello to the old gang.

Mr. and Mrs. John Trstenky left this week for the States where they will spend a vacation visiting relatives at Chicago and Cleveland for a month.

Mr. and Mrs. Walter Pettiford and daughter Grace left on Friday's train for their new home at Maple Creek where the former has taken charge of the CPR depot.
